Teach Them Diligently and God's WORLD News have worked together in various capacities to serve Christian homeschoolers for years. We love this market, and we are so excited to be a part of their Homeschool Family Favorites project.

The aspect of this project we love the most is that the publishers listed are chosen by the families. These are the users of the curriculum, which means that the curriculum has been tested and tried. All types of learners and all types of teachers have worked over this curriculum and these are their favorites. This is a great resource, especially for families unsure on where to start.

Well, for all of you new homeschoolers, this is a great start! And, for all of you veteran homeschool families, this will give you direction on what curriculum to try next. The incredibly diverse responses we received helped produce this valuable resource.

The families that responded to the curriculum surveys are the same families that have trusted God's WORLD News and WORLD Watch for years. This past year it was so good to see many of you again at the various homeschool events. Many of you had a chance to come by our booth and meet the talent from WORLD Watch and talk to our reporters. It was great fun!

Homeschoolers have always been unique in their commitment to family, and we take your trust in WORLD very seriously. You have brought us into your home because you trust us, and this is not something that we take lightly. As a matter of fact, we are committed to do everything in our power to give you the news and content you expect from a Biblical foundation. It is a joy to serve you in this manner!

TEACH THEM DILIGENTLY'S
ULTIMATE HOMESCHOOL FAMILY FAVORITE
MOST VOTED FOR CURRICULUM OF 2022:

MASTERBOOKS
www.masterbooks.com

Dear Homeschool Mom and Dad,

The last few years have been huge years for homeschooling. The numbers vary, but depending on who you talk to, some estimate the growth of homeschooling at 3x to 4x what it was pre-pandemic. In keeping with that growth trajectory, the votes for this survey doubled previous years. There were surprises! One of which is that this is the first year that a majority of families are not part of a co-op. Only 45% of the families that answered this survey participated in a co-op the last year.

Additionally, some of the companies that have been stalwarts in these lists fell back and others sky rocketed! However, this does not mean that any of these companies shrunk in size. Actually, they grew. They all grew, but they may not have kept up with the overall growth of homeschooling.

As you read through the lists, please keep in mind that we did not choose any of the companies to include—you chose these curriculum companies. The winners and placement of the companies on these lists were determined by your votes, and placement on this list should not be considered a seal of approval by Teach Them Diligently. As always, the votes and the extensiveness of the lists are what makes this book unique.

This year we added a new category to recognize the company that received the most overall votes. We are delighted to recognize Masterbooks as the Ultimate Homeschool Family Favorite of 2022!

I want to take a moment to also thank World News Group for their help this year in promoting and distributing the survey. They have gotten behind this guide book because they want to support homeschool families. Thousands upon thousands of families have come to this resource for help in determining the curriculum they want to use for their family. Curriculum is central to the homeschool experience, and I hope that this guide will continue to be an integral resource as you choose your curriculum for future seasons.

In Gratitude,

David Nunnery

HOMESCHOOLING ON A BUDGET?

A quality homeschool education should not break the bank. Many courses from Christian Light cost less than \$65.

For Reading, Language Arts, and Math, this is the most straightforward, affordable, wholesome, thorough and rigorous, yet incrementally gentle, curriculum I have come across.

RAISING CHILDREN OF Promise

WHY ARE CHRISTIAN PARENTS UNCERTAIN?
Why do we live in fear? Why are we losing our children to the world in record numbers? And what can we do about it?

[CLICK HERE TO LEARN MORE](#)

Teach Them Diligently:

Raising Children of Promise

By: Leslie Nunnery

We've been given clear instruction in a powerful promise for parents. God tells us in Deuteronomy to "teach our children diligently." This passage and many others give us great insight as to how to do that and enjoy the promised blessings that always accompany the mandates we are given.

Get peace of mind about your parental rights

24/7 ACCESS TO ATTORNEYS

Have direct access any time of the day or night to experienced, Christian attorneys ready to protect your children and preserve your freedoms.

FULL LEGAL REPRESENTATION

Get full legal representation in any case with child protective services; we cover all legal fees and expenses. Just have questions? There is no charge to talk with an attorney.

DEFENDING OTHERS

Be an important part of defending other Christian families, getting laws changed, and setting good precedents across the country.

“There are no words to describe what it meant to actually have Heritage Defense on the phone while the social worker and police were at our door. The *peace of mind* provided by having Heritage Defense there with us was beyond price.”

HSLDA

Already a Member of HSLDA?

Great! While Heritage Defense is not affiliated with or endorsed by HSLDA, we are extremely grateful for the heroic work of HSLDA and others in securing and safeguarding the right to homeschool and helping families navigate the homeschooling process. **However, for child protective services (CPS) matters related to medical decisions, child discipline, and other non-homeschooling issues, HSLDA does not commit to assisting beyond initial contacts with CPS.** Heritage Defense covers even non-homeschooling CPS matters for the whole case, including representation in court.
